

Helping Women Lead Fuller Lives After Breast Surgery

2019 PRODUCT CATALOG

# **OUR CREDO** American Breast Care is dedicated to helping women lead fuller lives after breast surgery. By listening to our customers' needs, we develop the most innovative, high quality products and services. Our passionate team of dependable professionals is committed to earning the trust of our customers and the confidence of the women we serve.

Dear ABC family,

Thank you for your support, your business and all of your valuable suggestions which enable us to help women lead fuller lives after Breast Surgery. We enjoyed seeing some of you touring our facility here in Marietta, GA and experience first hand "How a breast prosthesis is born". More importantly, you shared with us some of these very special moments of you fitting women after surgery and helping these ladies lead fuller lives. These are the wonderful stories that make your work so satisfying and motivate us to work even harder! Inspired by your feedback and our success, the whole ABC team is firmly committed to our Credo, and helping you make women look better after everyday!

You are asking for products and services in spring and fall in order to promote your business and always have something new to show to your customers. With that in mind, 2019 will see several product additions and expansions:

- The ABC Custom Breast Prosthesis program will continue to see careful and steady growth. It's success is based on a very close working relationship between the certified Custom customer and the ABC Custom team. Breast surgery techniques constantly advance which make it more and more important to offer custom solutions, not only of the breast itself but also the back of the prosthesis which then allow it to fit perfectly against the chest wall. This is especially true with conserving surgeries. All of this combined, with the increased demands of women today, makes the custom breast prosthesis a wonderful choice.
- The ABC Diamond RFS with the New American Fit 10268 breast prosthesis in blush, as well as tawny, is going to add a perfect addition to the very successful Diamond Collection
- The Massage Form Shaper Lightweight 11385 in its first year has gained great popularity with its thicker apex. It will also be available in the popular fit sets with a tawny selection
- The Active Form 932 is well suited for the active woman as well as being used for swimming
- The Active Bra style 132 is great for a variety of activities and pairs well with the Active Form
- Our very popular Bra style 103 will now come in a beautiful Petal Paisley seasonal print with the matching panty
- The very supportive 511 Regalia Bra will come in a stunning new color, Cool Grey, along with a larger size range
- The 110 Leisure Bra is the everyday "feel good" bra and will now come in the soft, seasonal print Star Flowers along with the matching panty
- After its first successful year, the 128 Jacquard seamless cup bra will also come in white

Women after breast conserving surgeries, as well as breast reconstruction, still struggle with not knowing where to go for products and services. The ABC Marketing department is developing more tools for you to communicate with these women through a variety of social media platforms. We need to find new and better ways for women to get directed to your door and your certified fitter rather than other sources. ABC Marketing and Customer Service offerings include invitations, posters, customized brochures, promotional tools, live or online educational seminars, dropships and timely order fulfillment. You can count on the ABC team to continue to earn your confidence through our commitment to exceptional support services that are only found with ABC.

In closing, we would like to share with you the tremendous joy that the success of the "Global Outreach Program" has given us. This program is designed to help women in underserved countries get fitted with bras and breast prostheses. Please read more on page 7.

Wishing you a prosperous and healthy 2019 and the satisfaction in the services that you provide! We would love to show you what the ABC team does to help women lead fuller lives after breast surgery! Be our guest in Marietta any time! We always enjoy hearing from you about your success as well as the changes you are seeing in the marketplace!

ABC proudly features breast cancer survivors to model all of our post-mastectomy products. To learn more about our marvelous models read their biographies below.

Brenda was diagnosed with Stage 3 breast cancer in 2014. She works with breast cancer patients and survivors in her hometown. Brenda enjoys spending time with family, friends, and her dog.

Cari Moskow is an actress, a yoga teacher, and owner of Wedding Day Zen Yoga. Cari tested positive for the BRCA1 gene mutation in early 2018 and to her surprise had already developed breast cancer.

Caryn was diagnosed in the Fall 2017 at 34 years old with triple-negative lobular and ductal breast cancer. She enjoys life and 9 months of survivorship by saying yes to every opportunity that comes her way.

Christine

Christine was diagnosed with a rare form of cancer in 2011. She celebrates her survival every day. Her hobbies are cooking, gardening, and camping with her husband and grandsons.

Daphanie is a 21 year breast cancer survivor. She is thankful to God for pulling her through. As a mother of two, she loves spending time with family and friends who continue to be supportive.

Diane was diagnosed in 2008. She is the proud mother of one daughter and has a wonderful support system. She lives life to the fullest each and every day and thanks God daily for His many

Elizabeth

Elizabeth was diagnosed with Stage 3 breast cancer in 1993. As wife and mother of two girls, she enjoys spending time with family and friends.

It was on Glenda's birthday 25 years ago that she received her diagnosis. Glenda now lives an active lifestyle and serves in a cancer support group at her local church.

Jackie was diagnosed with breast cancer in May 2014. She is a full-time management professional in the IT Industry, country music fan and an avid University of Georgia football fan.

Jeanne was diagnosed with Stage 2 breast cancer 16 years ago. She says, "Life is full of challenges, some we ask for and others are thrust upon us: it's not until the challenge is in front of us do we find our strength."

luanda

Juanda was diagnosed after her first mammogram at age 40. Juanda celebrates daily that she still has her smile! A wife and mother of one, she enjoys shopping, traveling, and live music.

Martha is a breast cancer survivor. After her surgery, she continues to work to support her family. She lives in Guadalajara, Mexico with her daughter and son.

Martha is a 38 year breast cancer survivor. She travels frequently with her husband and enjoys spending time with their 3 children and 8 grandchildren. Martha also loves volunteering for several organizations.

Rebecca was diagnosed in 2015. God has blessed her with a wonderful husband and three amazing boys. Rebecca enjoys traveling, cooking, and spending time with her family.

Rhonda is a long-time breast cancer survivor. She enjoys living life to the fullest and resides in Atlanta, Georgia.

Tai is a 13 year breast cancer survivor who was diagnosed at the young age of 29. She enjoys cooking, camping, hiking, and snowmobiling with her husband and two daughters.

Tarcha is a 15 year breast cancer survivor. She lives in Florida with her husband and two children. Tarcha volunteers her time serving and advocating for children and breast cancer survivors.

Trina was diagnosed with breast cancer in 1991. She is a wife, mother, proud grandmother, and friend. She has been a stained glass artisan and jewelry maker for many years.

### **American Breast Care** GIVES BACK

GLOBAL OUTREACH

"The priceless experience brought them tears of joy."

"Never in my life have I received so many hugs, love, prayers, and so many tears of happiness!"

ABC

"With the support of ABC, **Partners for Cancer Care and** Prevention Foundation, I have worked with over 600 women in Cali, Colombia. The women we help have limited finances and have never been fitted with a silicone breast form or a post-surgical bra. The priceless experience brought them tears of joy. Our next trip to Colombia will be in the Spring of 2019. My hope is to continue these mission trips for a long time!"

- Anne Ericson Global Outreach Coordinator

*In the Fall of 2017, three ladies from the* ABC Breast Care Europe Team started a mission adventure in Kosovo.

"We had great help from ladies in the Kosovo Reach to Recovery Organization. We fit 140 ladies and promised to come back for the rest of them. So, in December, Brigitte and myself went again and did fittings for 45 more ladies. Never in my life have I received so many hugs, love, prayers, and so many tears of happiness! Our next trip will hopefully be in the Spring of 2019 in Albania."

- Barbara Buisset Global Outreach Coordinator

#### Nikki M. Giamarino, CFm ABC Breast Care Educator

Nikki is the Business Development Manager at ABC and is an ABC Certified Fitter with over 20 years in the medical and breast care industry, including instructing education classes. She holds a BS in Health Administration from Auburn University. Her personal experience, industry knowledge, and caring personality are the perfect combination for an exceptional learning experience. In her spare time, Nikki enjoys spending time with her husband, traveling, and riding her motorcycle.

### Join ABC and the most experienced educator in the breast care industry!

Choose to attend the Basic Foundations of Fitting class or the Beyond Fitting: Cornerstones to Success class, or both! Instruction and learning objectives are designed and consistently updated to address the ever-changing needs of today's mastectomy fitter.

### **Basic Foundations** of Fitting

This training class is the perfect place for a new fitter to start their fitting career. Experienced fitters will also benefit from attending. Attendees will walk away with the confidence on how to select and fit a bra and a breast form. This course is ABC and BOC approved and prepares fitters for the ABC and/or BOC certification exams. ABC and BOC Certified Fitters are eligible to earn CEUs.

### **Beyond Fitting:**Cornerstones to Success

This class is critically essential for all fitters: new and experienced. This is not an advanced fitting class. This is an advanced information class with a strong emphasis on billing, required documentation, marketing, emerging treatments, and survivorship, all of which are components for a successful business. ABC and BOC Certified Fitters are eligible to earn CEUs.

### **Online Training**

Welcome to the world of online training where convenience, choice, flexibility, and personal pace come together perfectly. It's where certified fitters can earn continuing education credits from anywhere! While all fitters are welcome to take an online class, only ABC and BOC certified fitters are eligible to earn CEUs.

Not sure if you are ready to commit just yet, you can try one of our complimentary Short Takes!

Visit the ABC University portal at www.americanbreastcare.com to view the live-classes schedule and to register, and also to view available online classes.

## DIAMOND RFS BREAST FORM with the

After years of research and knowledge gained by listening to your needs, we are proud to introduce the ABC Diamond

"American Fit" shape. Inspired by contemporary seamless bra styles, the RFS is the newest addition to the ABC Diamond Collection.

The patented ABC Diamond design minimizes perspiration and reduces breast-form shifting in the bra pocket.

Available in Blush & Tawny!

Crafted with Lightweight Super Soft silicone, the Diamond RFS provides a modern "American Fit" for a variety of body and surgery types. It mimics the feel of breast tissue while minimizing the overall weight in the bra.

R)OUNDNESS

Its rounded bottom fits perfectly into contemporary seamless bra styles. The curve, from the apex to the bottom of the form, provides a beautiful silhouette.

F)ULLNESS

The Diamond RFS is full through the body of the cup creating an ageless lift. Although the RFS is full, it is not too wide.

S)HAPE

Its shape features a narrower footprint to fit many body types.
It is tapered at the underarm, eliminating irritation and rubbing
